Hi Scott-

Would we need to drive anywhere once we meet up with Pete? Would you mind if I invite two other RPMs who are interested in seeing the project on Tues?

All,

I wanted to let you know the field schedule for the petroleum portion of Site 32. We will be starting excavation activities this Thursday. I will be on the Island Thursday and would be available after @11:00. This portion of the excavation will definitely be going through next week, and there might be more to see then??? You are more than welcome to come out on Thursday (let me know tomorrow at the BCT), or anytime next week, just let me know and I can arrange it with Pete.

Christine, Pete is already aware of your EPA tour w/Jim Sullivan.

Thanks a lot! Hope to see you all tomorrow.
